Autumn has arrived and there are a lot of programs to choose from this month. We hope to see you at many of them. Remember our Montachusett Regional Transit Authority (MART) van provides free transportation for seniors to our programs at the Community Center, the Town Hall, the Library, and the Acton Food Pantry on Tuesday through Thursday. Other trips are usually \$1 each way to towns that border Boxborough. We also have a transportation service called *Go Boxborough!* that can transport you to medical appointments on Monday through Friday both within and outside of our local area. See our COA Van Services box for more details.

We also provide free technical aid through our Information Technology Assistance Program. If you have issues or questions about your desktop computer, laptop, tablet, or smart phone we have volunteers that may be able to help you. Please call me at 978-264-1717 or Cindy at 978-264-1730 to set up an appointment.

*Best,
Kim*

FCOA President's Report

Thankfully, the progress fighting COVID has enabled us to emerge from our confinements over the last 12 months. The senior activities in Boxborough have followed suit as the COA has been able to ramp up in person activities and once again schedule a great variety of trips and programs.

We are very fortunate to have Kim Dee and Cindy Regan continue their work in the COA Office to keep senior activities in Town going and the strong support for the seniors from other Town departments.

The Friends continued our commitment to the seniors by being willing to fund and staff up to three in-person lunches and supporting other endeavors and programs. The Friends were pleased to financially support, along with the Boxborough Minutemen Company, the UCC Boxborough's installation of an Automated External Defibrillator (AED) in the Community Center in August.

Once again, the Friends are grateful to the COA Board for their constant support, and to donors who provide us with funds for our programs.

If anyone is interested in learning more about the Friends, our next meeting is Wednesday, November 15 at 10:15 AM in the Local History Room of the Sargent Memorial Library.

*John Fallon,
FCOA President*

Public Safety

Many individuals take medication, either at one point in their life or for an extended period of time. It is vital that one only takes prescription medication that is medically prescribed by a health care professional. It is very common for people of all ages to misread the doses on their daily medication. Ask a family member or your physician if you are having trouble reading the prescription labels. Mixing up doses can be extremely problematic and lead to health issues. Also, consider purchasing a pill organizer to better manage the timing of your medications. Finally, always keep a list of medications and specific dosages in case of emergencies and for sudden evacuations. As always, please call 911 for any emergency situation.

CHNA October 2023 Program Understanding and Caring for Older Adults with Cognitive Decline

If you are noticing subtle cognitive changes in an older adult in your life, changes in memory, communication, mood, or the inability to do things that they have always done, you may wonder if these changes are just part of normal aging or is something else going on. If you are concerned about a loved one, please join us on **Thursday, October 12 from 1 to 2 PM** for this webinar and learn what actions to take, where to get help, and how to embrace a journey that may include a diagnosis of cognitive impairment.

Presenter, Dianne Savastano, RN is an expert in the field of cognitive issues in older adults. This program is sponsored by the Acton, Boxborough, and Littleton COAs with funding from the Community Health Needs Assessment (CHNA) grant. Contact Sheryl Ball at 978-929-6453 with any questions. The abatement amount earned through this program, up to \$1,500 at the current Massachusetts minimum wage, must be included in your gross income. The abatement is processed on your third and/or fourth quarter taxes, and you must own the property at the time of the abatement.

Construction of Route 495

Except for glaciers, the most transformative and disruptive physical event in the history of Boxborough was the construction of Interstate Route 495. When this massive project started in 1960, Boxborough was a small farming town of under 800 people with roads to match, so small that the town didn't even have a dump. When the Interstate was finished, Boxborough was bisected by a 6-lane highway and the future growth pattern of the Town had changed forever. On **Sunday, October 15**, Alan Rohwer of the Boxborough Historical Society will discuss the construction of Route 495 and why and how it was built. He will include before and after pictures.

The presentation will take place in the Morse Hilberg Room of the Boxborough **Town Hall** at 29 Middle Road starting at **2 PM**. Admission is free, and all are welcome to attend.

Medicare Open Enrollment

A Medicare Open Enrollment presentation will be given by SHINE counselor, Terry Morton, **Wednesday, October 25 at 1:30 PM** at the **Community Center**.

Open Enrollment runs from October 15 through December 7, and this is the time to compare various coverages, costs, and benefits. Be sure you are enrolled in the most appropriate Medicare Supplemental Plan, Prescription Drug Plan, or Advantage Plan.

This presentation will cover the following:

- Overview of the various parts of Medicare and their coverages
- Key changes in Medicare coverage for 2024
- Factors to consider in making changes and how to implement them
- Financial assistance available to those with limited income

Any changes you make in your plans or coverages will become effective January 1, 2024. Remember, should you choose not to do anything, your current plan will continue in 2024.
