## **Council on Aging Snow & Hazardous Weather Cancellation Guidelines Classes, Events & Transportation**

As a general guideline the Council on Aging (CoA) will follow the Acton-Boxborough Regional School District (ABRSD) to determine when activities should be canceled due to snow or other inclement weather. Check the ABRSD website and Twitter account for weather notifications: [www.abschools.org](http://www.abschools.org)

- When ABRSD cancels classes due to weather all CoA activities, classes, events, and van service will be canceled for the day, with the exception of a class or event being held via Zoom.
- When ABRSD calls for a delayed opening, all morning CoA activities, classes, and van service will be canceled, with the exception of a class or event being held via Zoom. Afternoon activities will go ahead unless otherwise notified.
- Individual CoA class instructors, event organizers, and activity leaders may decide to cancel due to the weather even if the school district remains open. In these cases, the instructor/organizer/activity leader is responsible for notifying participants and the CoA of cancellation via email or phone as soon as possible. Participants may also call the CoA directly to find out if a class or activity has been canceled: 978-264-1717.
- The CoA Coordinator may suspend activities or transportation beyond these guidelines if necessary for weather related safety reasons.
